

Pablo Kogan

Full-Stack Developer - Project Leader

English CV | Español CV

About me

Full-Stack Developer with experience +20 years in developing innovative solutions, leading teams, and knowledge transfer. Currently a GenAI Consultant at Scale AI, designing and evaluating AI agents to improve data quality. Additionally, I work as a teacher and manage extension, research, and innovation projects at the National University of Comahue. I am seeking new development challenges that provide tools to improve society and industry.
